Alphabet View
Fleet overview made easy

When it comes to fleet management, you need to keep a close eye on a lot of information. With Alphabet View, you always keep a full overview. From now on, managing your fleet with this modern, clear and easy-to-use system will become even more efficient and flexible.
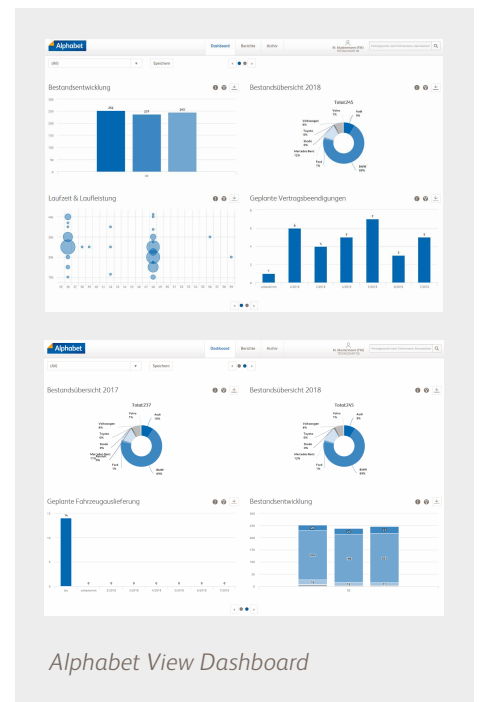

Advantages:

– Real-time information

– Sound evaluations on the basis of all relevant data

– Creation of individual reports

– Evaluations based on times and durations

– Simplified root cause analysis

– Fast reaction time

Up to date, individual and clear

Dashboard

Within Alphabet View, we offer you the possibility of monitoring certain core areas of your fleet in a graphically formatted view. This ensures that you will always have a quick overview of current topics and developments.

– Fleet overview
– Fleet development
– Distribution of lease term and mileage
– Planned vehicle deliveries
– Planned contract terminations
– Comparison with the fleet overview of the previous year

Individual reports

With Alphabet View, you can now create your individual report using more than 170 data fields according to your requirements. This saves you the cumbersome editing of pre-formatted reports in Excel so that they can be used by your systems.

Alphabet View Dashboard

Easy implementation

In just three steps, you will have round-the-clock access to all data relating to your fleet vehicles:

1. Fill in the application form at www.alphabet.com/en-ch/my-alphabetview

2. Use your initial login details to choose your own password.

3. Learn quickly and easily how to use the functions of Alphabet View thanks to online videos and the user manual.
